

## Aluvision – Shop Employee

### Duties & Responsibilities

To further support our growth we are looking to expand our team with a Production Worker to become an integral part of our team!

You will perform the following tasks:

- Clean, velcro and package aluminum profiles
- Make Aluvision frames
- Make Aluvision doors
- Maintain a clean work station
- Order picking
- Prepare cardboard packages to ship via FedEx or other carriers
- Operate scissor lift
- Operate sit-down forklift
- If physic permits: build easy pallets and easy one way shipping crates

### Knowledge, Skills & Abilities

- Previous experience in manufacturing, assembly, or familiarity with assembly tools and equipment: power tools, drill presses, measuring devices.
- Ability to handle physical workload (able to lift up to 50 lbs.) and stand for long periods of time.
- Ability to work well in teams, strong work-ethic.
- Ability to thrive in a fast-paced environment.

### What can we offer you?

- A challenging and permanent job in a fast growing and international environment.
- An open corporate culture where innovation and customer-oriented thinking prevail.
- A responsible job with room for initiative and the possibility of taking a variety of training courses.
- An enthusiastic team of talented co-workers.
- An appropriate compensation in accordance with knowledge and experience, supplemented with benefits.
